

292 perceptual signal nan-step-up  
generating transformer LCUS As  
compared to the electricity grid in North  
America using transmission and sub-  
transmission to generate primary cores  
and secondary core signals as in the  
high to lower steps similar in cable to  
make any such signals computational.  
perceptual compression as in perceptual  
calculative computations verses the  
term known as digital. Copyright
