Topical Cause Part 3 - | next

first and foremost mission
I wanted to be a Great Artist. but be crisis I look ahead. The purpose of Philosophy that carries on and on... to come to your mind. why is that in into a different one?

To introduce the world to the larges

To compromise and go to different eventually add all the things making actually hindering or dying into a ca something that needless to say isn' is humanly possible. For example the

actually hindering or dying into a casomething that needless to say isn't is humanly possible. For example this to draw to a final conclusion that kind of effect or symbiosis but more of science to the very last fact is the error. Concluding that to be perfect

hard to do
